# Camp Equinunk & Blue Ridge

*The Leader in Children's Camping Since 1920*

## ***Dear Campers, Parents and Staff***

We hope everyone is well and we're sure you're all busy with school, work and recreational activities. It was great seeing so many of our campers, parents, staff and alumni back at camp on October 4th for Fall Foliage. Even the rainy weather couldn't dampen the spirit, barbeque, sports, singing in the social hall and the beginning of the fall colors.

# New Projects Under Way For 2004

*Camp work crews and contractors have been busy since we left camp in August working on the following projects for next summer:*

- Four new bunks at Equinunk and four new bunks at Blue Ridge are under construction and re-affirm our long-term commitment to providing comfortable and safe living quarters for our children.
- State of the Art equipment for the New Fitness Center at Equinunk has been ordered and will feature a Cybex Modular Station, Pace Circuit Equipment and Scifit Ellipticals. Designed to be on par with the Blue Ridge Fitness Center which has been regarded as the finest in camping, this facility is pointed to the needs of our boys over 12 years old and our staff. The equipment is amazing! It's safe! And sure to provide a fantastic work-out!
- A New Modular Water-ski Dock has been installed and provides a perfect harbor for our Ski Nautique boat and Wave Runner. Also, down at the CE Waterfront a new bathroom has been built. This is sure to enhance the comfort of all waterfront activities.

## Enter The Contest - Name The New CE/CBR Facilities

Construction on two new facilities began last week. A new climbing Tower and Obstacle Course is being built at Blue Ridge between the Gymnastics Pavilion and Amphitheater. This dynamic facility will provide hours of fun, fitness and excitement for all of our campers. Equinunk boys you'll share this amazing facility, just as Blue Ridge enjoys the Hobby Center.

The other facility in need of a name is a bouldering cave being built in the Hobby Center. Our campers will really be challenged traversing its ceilings and walls.

Give these two facilities their names and you'll win a special prize and have the honor of being the first camper to try them out. E-mail Caralyne with the names for these new facilities.

## From The Directors

*You can see we've been busy working towards 2004 and are proud to report that most of our enrollment has been completed. Many new boys and girls are signed-up for next summer and it's exciting to know that we'll all have the opportunity to make new friends and welcome these children into our summer family.*

*We hope you're having a wonderful beginning to the school year. We truly miss seeing "our kids" and are looking forward to seeing you all at the reunion!*

*Best Wishes for a Happy New Year!*

*Sincerely,*

*Sheryl and Richie*
